Sir,

I am directed by the Offg Resident to forward herewith copy of a communication from the Deputy Commissioner, Bangalore Distt. No. 40 dated 31st July 1883, with its vernacular enclosures, from which it appears that the bed of the Doommalore tank in Ulsoor has been leased out by your Department for cultivation for a period of six years. It would seem that several applications from ryots for the land in question were refused by the D/ Municipal Commissioner (Mr. Ricketts) on the ground that the tank, which was reserved for the use of the Cantonment would, were it bed cultivated, get silted up. Sir,

In reply to your No: 1073/502, dated the 16th instant, I have the honor to intimate that, several applications having been made for the lease of a portion of ground, said to be Military waste land, in the vicinity of the Damalore Tank, I inspected the site some time back, and found the piece of land as per enclosed sketch plan, which I had prepared. lying waste.

On examination of the place I

of- the Station, this piece of- land presented itself as having been reclaimed from the tank bed, by the Military works that have been cons- - tructed within the last two Years, for the improvement of- the tank itself.

It no longer forms a portion of- the Tank bed, being entirely cut off therefrom by the two banks lying along its eastern, and Southern margins-

When I inspected the land, its Southern area was used as a Site, on which Manure - Sweepings &c were collected, apparently by the ryots for dressing the adjoining Cultivation-

The land was leased under the impression that, it was Military waste and can - under terms of- the lease- be reclaimed at any time

on

on three months warning.

The Deputy Commissioner having raised the Question as to its cultivation, implies that it is not within Military limits - in which case, I regret my action in the matter.

The Lessee will be warned to vacate it on expiration of three months - and the rental received, will be returned to him from the Military Grounds grazing fund - to compensate him for any loss.

Possibly, should the crops, which the lessee may have put down, not have come to maturity on the expiration of the three months notice, a further period might be allowed him by the Deputy Commissioner.

Bangalore Amils Urzee No: 367 dy 15th July 1903, to the Deputy Commissioner, Bangalore District.

Sir,

I beg to bring to your notice that the bed of Dommaloor Tank of Ulsoor Hobli, bearing Survey No: 9 and containing 13 acres and 20 Guntas of land is reported to have been leased out to one Madrah Ramanna, for cultivation by the Quarter Master General's Office at Rs 66 per mensem.

It appears that on several applications being formerly submitted by the ryots for this land soliciting the grant of the same on Candayam, it was decided that the land could not be given out for cultivation as the Tank was solely reserved for the use of the Military Cantonment, and the ryots were informed accordingly.

Recently when a few individuals applied for the

same land, Mr Ricketts who was in charge of the district, after inspecting the spot, came to the conclusion that the land ought not to be given out for cultivation as the Tank would get silted up and the supply of water would thereby be affected.

The Village of Doumaloor is included in the limits of the Civil & Military Station, and as the land in question was solely reserved for Govt use, it might well be used for public purposes.

The Collector Chamberguiri report as well as an order No 1338 together with its enclosures are herewith submitted for your information.

Chamberguiri's Report.

I beg to report that the bed of the Doumaloor Tank, bearing survey No 9 and containing 13 acres and 20 cuntas of land has been let out on

Cultivation

Cultivation by the Quarter Master Generals Office for a period of 6 years on an annual rental of Rs 55/- to one Maharati Ramana residing at Dommaloor Village.

In 1875 when Kinda Reddi Patel of Ulsoor applied for the same land for cultivation, an Endorsement was issued from the District to the effect that the land could not be given out for cultivation as the tank would get silted up and thereby the supply of water in it would be affected. The Supt of Rev: Survey also concurred with the views of the Deputy Commissioner in this respect.

Should the land in question be let out on Cowlagum by the Revenue Deptt, there are persons who will readily take it up for cultivation on Rs 150/- per annum and give it up without claiming any compensation whenever the said land is required by the Government.

Both these reports were sent to President Mun. Com.ⁿ C & M Station - who was informed that the land was Govt waste, that the Revl & Authorities had no objection to give it up after three months notice had been given to present lessee - vide A.Q.M.G.'s letter - & he was asked to state if he objected to land being taken up by Govt & leased out as suggested by D.C.

President replied (No. 1869 of 3ᵈ Dec.ʳ 83) that he has no objection -

For orders

May A.Q.M.G. be asked to give 3 mos. notice, & hand over the land attached to the Govt - & may D.C. be asked then to deal with it as he proposes.

H.W. 11/12

Note 10

File on subject of the bed of the Dumboor Bangalore Tank having been taken up by the Military & leased for six years by the A.Q.M.G.

D.C. Bangalore first reports above facts in letter No 440 of 31ˢᵗ July 83 - and adds that when Mr Ricketts was D.C. he received several applns for the land, but refused them as he believed if it was cultivated the Tank would get silted up.

A.Q.M.G. was accordingly asked to report if state of case was as D.C. had written.

A.Q.M.G. replied that he had leased the land but it was reclaimed land,

Bed of Tank, & he was under impression it was Military Waste land.

This ref was sent to D.C. with a request that he would inform Resident whether land was Mil.y waste or Govt. Land, and whether he recommend its being vacated as suggested by A. Q.M.G.

Meanwhile Residents Genl. Com.r C & M Stn. in letter 1284 of 5: Sept 83 wrote claiming land as belong to C & M Stn.

This letter also was forwarded to D.C. for report.

D.C. reported (letter No. 648 of 19: Sept.) that the Bed of Dunlop Tank is within limits of C & M Stn. & there are no records to show that it was granted over to Military. He also forwarded report of Bangalore Assistant

Dy. A.Q.M.G. may be asked to give three months notice, and the D.C. who is acting for the Mily. Authy. in the matter, should be asked to take possession after end of that time, and to clear off crops proposed. It must however be understood that the D.C. is not to clear the land like ordinary cultivable paying land. He must clear to the highest substantial bidder, and in such a way that possession can be quickly recovered whenever the land may be wanted for any other purpose.
